Afternoon Session

11:30 AM – Classes begin

*Times may vary

Program length is a minimum 120 minutes per day for 180 days.

Late Policy

Students have the full responsibility to be in class on or before the starting bell. STUDENTS WHO ARE LATE MUST REPORT TO THE SCHOOL OFFICE and obtain an admission slip. A written note explaining their tardiness must be presented, unless a parent or guardian accompanies the student. Excessive tardiness will not be tolerated and may be cause for disciplinary action. **See Attendance Policy.**

Class Dismissal

Students are expected to remain in their program area until the instructor releases them at the designated time. Please keep in mind that the instructor dismisses the class, not the dismissal bell.

Early Dismissal

Early dismissals are not permitted except when such a request is submitted to the office. Requests must be in writing, dated and signed by a parent or guardian, and presented to the school office for approval. A parent or guardian must come into the school office to sign the student out. Only requests for legal reasons will be recognized and granted. Doctor or dentist appointments are not permitted during school hours except in a case of an emergency. A note of verification from the doctor must be turned into the office.

Emergency School Closing

Emergency school closing will be announced on the following TV stations: WTAE, KDKA and WPXI. Our automated system and our school website www.nwctc.k12.pa.us will post emergency school closings.

Grades

Grades are issued every nine weeks using the following scale:

- A = 93 - 100%
- B = 85 - 92%
- C = 77 - 84%
- D = 70 - 76%
- F = below 70%

Both the percentage grade and the letter grade are reported to the sending school and appear on the report cards of those schools. Final grades are cumulative of the four nine-week grades.

The following components represent the basis for evaluating a student's progress:

- Tests
- Projects
- Daily grade

The following criteria represent the components of the daily grade:

- safety
- initiative
- dependability
- responsibility
- judgment
- professionalism
- follow instructions
- follow school & shop regulations
- cooperation
- quality of work
- quantity of work
- leadership
- participation
- respect for others
- respect for property

Students will be responsible for maintaining a portfolio representative of their completed competencies and any other documentation necessary for career development.

Students on Co-op will be assessed by their employer and their weekly work reports must be turned into the Business/Industry Liaison office every other Monday for the previous week of work.

Incomplete Grades

Incomplete (I) grades are given to students who have not completed all assigned class work by the end of a report period because of medical or legal reasons. All incomplete work must be resolved by the end of the following nine weeks or it will be considered a failure.

Attendance Policy JOC approved 6/17/10

Attendance and punctuality are serious responsibilities of every student. Students at NWCTC are expected to demonstrate an understanding of these responsibilities, as poor attendance may affect a student's opportunity for success.

Students must adhere to the NWCTC calendar. At times, the sending school calendar differs from the NWCTC calendar. When NWCTC is in session, students are to be present. Transportation will be provided to and from the sending school.

The school policy regarding absence from school is in strict accord with the Pennsylvania School Code. Absences from school are recorded as "excused" or "unexcused". **Parents will be notified by our automated system when student is absent.**

Excused absences are legal excuses from school that include illness, death in the family, or any situation that has administrative consent. Sending school excuses are legal excuses for absences. A written excuse signed by the parent or guardian is required for each absence. All medical excuses must be verified by the physician on a prescription form, or a letter on the physician's letterhead, signed by the physician. This communication must clearly state the dates the student was excused from school and the reason. Any claims of continued or repeated illnesses justify the school to ask for a statement from the physician. Students with an excused absence will have the opportunity to make up any

work they have missed on their own time. Students have the responsibility to approach the instructor and request to make up work lost because of an excused absence.

Unexcused absences are illegal and are defined as an absence of a student for any reason other than classified above. Absences classified as unexcused will result in the student losing his or her makeup privileges for the class work missed. Students who are absent must show an excused note from sending school to the shop instructor and office immediately upon returning to school. The parent or guardian signed excuse, which indicates the date(s) and reason(s) for the absence, must be presented to the teacher within three days after returning to class; otherwise, the absence will be considered unexcused. The day the student returns to class will count as the first day.

An unexcused absence from school without knowledge or consent of the parent will be considered truancy. Attendance at the sending school and absence at NWCTC on the same day will be considered truancy, unless excused by the sending school or NWCTC.

An unexcused absence results in the student getting no credit for the day. Further trancies can result in the student being removed from NWCTC program.

Official notice of illegal absences will be sent to parents who may thereafter be subject to prosecution according to the Pennsylvania School Laws. Each absence will be entered on the student's permanent record and often may affect his or her chances for employment. The following guidelines will be enforced in regard to student absences:

FIRST SEMESTER

- | | |
|---------|---|
| 6 days | Letter will be sent home to parent(s). |
| 12 days | Second letter will be sent home to parent(s) or a phone call from teacher and student will be |

warned that 4 more days they will lose 1½ credits.

16 days Student will lose 1½ credits for the first semester of school.

If a student that has missed 16 days in the first semester misses less than 10 days in the second semester and maintains a passing grade we will give them the option to gain the 1½ credits back.

SECOND SEMESTER

12 days Letter will be sent home to parent(s).

24 days Second letter will be sent home to parents or a phone call from teacher and student will be warned that 8 more days they will lose all 3 credits.

32 days Student will lose all three (3) credits.

32 days Student will receive no credit for attending NWCTC and will not have the option to recover credits. Students that miss a total of 32 days for both semesters will not be able to return to NWCTC the following school year.

32 days will be cumulative not consecutive.

Unexcused	Will count against 32 days
Parent excuse	Will count against 32 days
Doctor/Legal or Bereavement excuse	Will not count against the 32 days

NWCTC Late Policy

2 days unexcused late Student will receive a warning.

4 days unexcused late

Student will receive one (1) unexcused day that will count towards 32 days.

Make-Up Work

Students are responsible for making up missed work under the direction of the instructor. The student must take the initiative in this matter. The student will be permitted to make-up both academic and demonstrated technical skills. Students who have an excused absence should meet with their instructor immediately upon returning to school. The instructor will provide the time frame for the completion of make-up work. Students will receive no grade(s) for any work missed that is not made up within the designated time.

Course Changes

No course changes will be made during the first day of school. All course changes must be determined and approved by the Administrative Director or his or her designee. Students will need to contact the Secretary to the Director, in the Administrative offices, in order to change a shop. Course changes will depend on class size. All changes must be completed within the first two weeks of the new school year. No exceptions.

Withdrawals

Students who wish to withdraw from NWCTC must obtain permission from the Administration, the sending school principal, and his or her parents. A withdrawal form must be completed. This form is available in the sending school guidance office. All NWCTC textbooks and workbooks must be returned prior to withdrawal date. All money owed for fundraisers must be paid to NWCTC before final withdrawal. No credit is given for a course that is not completed.

Conferences with School Personnel

Students and parents are encouraged to seek the assistance of instructors, learning facilitators, or administration whenever they feel it is appropriate. Conferences may be arranged in advance by telephoning to (724) 335-9389, ext. 201.

Permission to Remain All Day

Students wishing to remain all day at NWCTC must complete a Request to Stay All Day form located in the office. This form must be signed by the sending school Principal and NWCTC Administrative Director or his or her designee, no later than three days prior to the student spending the day at NWCTC. Students who remain all day must ride the school bus provided by the sending school to and from NWCTC. Students must bring a packed lunch as students will not be permitted to leave the premises for lunch. No driving passes will be issued for students wishing to remain all day.

Job Shadowing and Special Work Assignments

All students may participate in job shadowing. The shadowing may be done either during or after school hours. Certain programs at NWCTC may require a job shadowing experience as part of their curriculum. The job shadowing experience provides students with the opportunity to gain knowledge in a chosen field by observing that career first-hand. The main requirement is that the shadowing must be in the student's field of study or in a related career path. Transportation is the responsibility of the student along with approval from the home school administrator, parent or guardian, and teachers. Student must obtain a job shadowing packet and complete all necessary paperwork, available at NWCTC. See our Business Industry Liaison for details.

Periodically students may be asked to participate in project-based jobs out in the community. These jobs vary from year to year. Not only do students gain valuable on the job training, but also learn the value of community service. Jobs are supervised by the program instructor/instructors. It is highly recommended that students participate in these activities when they become available.

Student Records

Student records are collected and maintained to provide information to parents and students and other authorized personnel. They are also maintained to provide a basis for evaluation and improvement of school programs. The school has

the responsibility to observe all laws applicable to student records, and provide for their security.

The school is also responsible for the proper dissemination of information from records and forwarding records for official purposes to higher authority when so directed.

The school is authorized to collect, maintain, review, and grant access to these records to authorized personnel within NWCTC and the student's sending school, but cannot release records to persons outside the school unless authorized by the parent or student in writing. The parent has the right to review these records and to know what records are kept. A complete school board policy on collection, maintenance and dissemination of student records can be read in the school office.

Any medication that is considered a controlled medication, such as narcotics, Ritalin, Adderall, or Dexedrine (including the generic forms) must be delivered to the school by an adult.

Medical Transportation

Parents are responsible for providing transportation and further care of the student if the student becomes ill or injured on school property. Students may not be sent home without parental

approval and no student may drive when excused for medical reasons unless parental consent has been given.

Student Information/Emergency Form

At the beginning of each school year, all students are given an emergency information form. This form must be completed and returned to the classroom instructor within the first two weeks of school. Any student who fails to return this form will be sent to the Administrative Director for appropriate action. During the course of the school year, changes concerning student information (new address, area code/phone number, etc.) must be reported to the Secretary to the Directors' office promptly.

Student Accident Insurance

Students are required to have health insurance/hospitalization coverage because student accidents are **not** covered under NWCTC Insurance Policy. Students who do not have insurance coverage through a parent/guardian may purchase school accident insurance through the sending school at a very low rate. No insurance is available through NWCTC.

EMERGENCY SERVICES

Fire Drills

Pennsylvania State Law requires all schools to conduct fire drills in order to acquaint students with necessary procedures. When the fire alarm is sounded, all work should stop and students are to follow evacuation instructions for their respective rooms, which will be given by their instructor and posted in the classrooms. All doors and windows must be closed. All students must leave the building immediately in an orderly manner. In the interest of safety, improper behavior during a fire drill will not be tolerated.

Integrated Pest Management System

Northern Westmoreland Career and Technology Center uses an Integrated Pest Management (IPM) approach for managing insects, rodents, and weeds. Our goal is to protect every student from pesticide exposure by using an IPM approach to pest management. Our IPM approach focuses on making the school

building and grounds an unfavorable habitat for pest, by removing food and water sources and eliminating their hiding and breeding places. We accomplish this through routine cleaning and maintenance. We routinely monitor the school building and grounds to detect any pests that are present. The pest monitoring team consists of our building maintenance, office, teaching staff and includes our students. Pest sightings are reported to our IPM Coordinator who evaluates the “pest problem” and determines the appropriate pest management techniques to address the problem. The techniques may include one or more of the following: increased sanitation, modification of storage practices, controlling entry points, or physically removing the pests.

On occasion, it may be necessary to use pesticides registered by the Environmental Protection Agency to manage a pest problem. A pesticide will only be used when necessary. The school will try to seek the least toxic product that is effective. Applications will be made only when unauthorized persons do not have access to the area(s) being treated.

Parents or guardians of students enrolled in school may request prior notification of specific pesticide applications made at the school. To receive notification, you must be placed on the school’s notification registry. If you would like to be placed on this registry, please notify NWCTC in writing. Please include your e-mail address if you would like to be notified electronically. If a pesticide application must be made to control an emergency pest problem, notice will be provided by telephone to any parent or guardian who has requested such notification in writing. Exemptions to this notification include disinfectants and antimicrobial products, self- containerized baits placed in areas not accessible to students, gel type baits placed in cracks, crevices or voids, and certain maintenance chemicals. If you have any questions, please contact Maintenance at (724) 335-9389, ext. 222.

Asbestos Hazard Response Act

In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Response Act (AHERA), we perform inspections of our school for asbestos-containing building

materials. The inspection findings and asbestos management plans are kept on file in the administrative office.

The EPA requires us to perform re-inspections of the asbestos materials every three years. An accredited inspector performs these inspections and an accredited management planner reviews the results of the inspections and makes recommendations to safely manage each asbestos material.

The asbestos materials in this school are in good condition and we will continue to manage them in place, as recommended by the accredited management planner.

The results of the re-inspection are on file in the management plan in the school's administrative office. Everyone is welcome to view these anytime during normal school hours (M-F 7:15am to 3:15pm). The Asbestos Program Manager is available to answer any questions you may have about asbestos in our building.

Illegal & Unethical Uses of Camera Devices

Introduction -

News reports have shown that cell phones with built-in cameras, as well as other electronic devices with photographing capabilities (camera devices), are being used for unethical and illegal purposes. These purposes have included cheating on tests and taking and distributing unauthorized photographs of other people. When you take pictures of other people without their permission, you risk invasion of privacy and harassment lawsuits. You may also face criminal prosecution. These devices also can be used to reproduce copyrighted material, so their misuse can lead to penalties under federal copyright law. To address these concerns, in addition to our existing guidelines on the use of electronic devices on school grounds and at school-sponsored activities, the following guidelines apply to possession and use of camera devices:

General Principals -

1. Camera devices may not be used in any unethical or illegal manner.
2. Camera devices may not be used to photograph another person who has a reasonable expectation of privacy without that person's knowledge and consent.
3. Camera devices may not be used in a way that would violate another person's copyright.
4. Camera devices may not be used to harass, intimidate, or bully another person or to invade another person's privacy.
5. An image taken using a camera device may not be published, broadcast, or transmitted to any other person, by any means, without the knowledge and consent of each person appearing in that image who had a reasonable expectation of privacy at the time the image was recorded, or the person who owns the copyright in the material appearing in that image.

Prohibited Locations -

1. Camera devices may not be used in any classroom without administrative written permission. Such permission will state the specific purpose for which the camera device may be used and the specific date(s) on which the camera may be used.

2. Camera devices may not be used in any locker room, restroom, or any other place where other people have a reasonable expectation of privacy.

Student Complaint Procedures

The NWCTC recognizes that students have the right to request redress of complaints. Further, the NWCTC believes that the inculcation of respect for lawful procedures is an important part of the education process. Accordingly, individual and group complaints should be recognized and appropriate appeal procedures provided.

For purposes of this document, a student “complaint” shall be any such that arises out of actions that directly affect the student’s participation in an approved educational program.

The NWCTC employee will recognize the complaints of the students of this school provided that such complaints are made according to those procedures.

Procedure-

The student should first make the complaint known to the staff members most closely involved or, if none is identifiable, his or her guidance counselor, and both shall attempt to resolve the issue informally and directly. For complaints that must move beyond the first step, the student shall prepare a statement of his or her complaint that shall set forth the specific nature of the complaint and a brief statement of the facts giving rise to it; the manner in which and extent to which the student believes he or she has been adversely affected; the relief sought by the student; and the reasons why the student feels he or she is entitled to the relief sought.

The complaint may then be submitted in turn, to the Administrative Director, Chief School Administrator, and the Joint Operating Committee; and at each level the students shall be afforded the opportunity to be heard personally by the School authority.

At each step beyond the first, the School authority hearing the complaint may call in the student's parent. The student may seek the help of a parent or guardian at any step.

Detention

A student who has received detention will be assigned and serve his or her detention at the sending school. Detention will be given either after school or on Saturday according to the sending school procedure.

Out-of-School Suspension (OSS)

A student who has received an out-of-school suspension at Northern Westmoreland will not be permitted to attend his or her sending school on the suspension date(s). Students are not permitted to be on school property or participate in any school activity during the suspension.

Fighting

Fighting is not only contrary to good citizenship and conduct, but can cause lasting injuries. The possibility of injury is even greater in an industrial atmosphere where there are revolving machines, sharp pointed materials and tools. Fighting is considered a most serious offense at NWCTC and will be dealt with by severe measures including prosecution through the office of the local district magistrate and suspension or expulsion.

Tobacco Control Act

In accordance with the Pennsylvania School Tobacco Control Act 145 of 1996, possession or use of tobacco products by secondary students is prohibited in school buildings, on school buses, on school grounds, and at school sponsored activities.

Possession of tobacco products shall include having on one's person or personal property, smoking or smokeless tobacco in any form including vaporizers. Use of tobacco products includes the use of smoking or smokeless tobacco including vaporizers in any form. School grounds are defined as property owned by, leased by, or under the control of the school board including sidewalks,

roadways, parking lots, courtyards, school buildings, and other campus areas not located in school buildings.

Students who violate the school's non-smoking policy will have all tobacco products, matches, lighters, or other related materials confiscated and will be subject to the consequences listed in the discipline code.

- ✓ First offense shall result in a three day out-of-school suspension plus subject to prosecution and fines.
- ✓ Second offense may result in up to a ten day suspension, parental conference plus subject to prosecution and fines.

If a student continues to violate this policy, expulsion from Northern Westmoreland Career and Technology Center may result.

Act 145 of 1996

- A. A pupil who possesses or uses tobacco in a school building, a school bus or on school property owned by or under the control of a school district commits a summary offense.
- B. A pupil who commits an offense under this section shall be subject to prosecution initiated by the local school district and shall, upon conviction be sentenced to pay a fine of not more than \$50 plus court costs. When a pupil is charged with violating subsection (A), the court may admit the offender to an adjudication alternative under 24 PA S.C. Section 1520 (relating to adjudication alternative program) in lieu of imposing the fine.
- C. A summary offense under this section shall not be a criminal offense of record, shall not be reportable as a criminal act and shall not be placed on the criminal record of the offending school-age person if any such record exists.
- D. As used in this section, the following words and phrases shall have the meaning given to them in this subsection.

“Tobacco” A lighted/unlighted cigarette, cigar, pipe, vaporizer, or other lighted smoking product & smokeless tobacco in any form.

Use or Possession of Drugs and/or Alcohol

The use or possession of drugs and/or alcohol products by students on any part of school property is strictly prohibited. This includes school activities, field trips, and other functions. Students in violation of this rule will be subject to the following actions:

7. Any student involved in any of the above named activities will be required to participate in assessment of the problem and comply with the recommendation based on the results of that assessment.

Personal Search

If a student is suspected to have an illegal drug, drug related paraphernalia, stolen materials or weapons, the administration will request that the student empty his or her pockets, purse, backpacks, etc., and volunteer all drug substances, and/or stolen materials. The student's locker will be searched according to policy. If the student refuses to cooperate even after notification of parents, police may be called in to conduct a search. Students suspected of having a weapon in their possession may be subject to a metal detector search as well. To insure the safety of all Northern Westmoreland Career and Technology Center faculty and staff, the school may conduct searches at the point of entry. All students may be required to stand in line before a table and empty their pockets, backpacks, coats, etc. Students may be scanned with a portable metal detector before being admitted into school.
